

Membership Records Review - November 30, 2024

Email to Membership Chairs and President

To: VP Membership, Membership Chair, President

Subject: Action Required: Review of Long-Term Membership Records

Dear Membership Team,

During a routine audit of our membership database, we identified **20 members** who have been in the system for more than 3 years. As you know, SBNC membership is designed to be a 3-year program, with extensions granted only for board service or special circumstances.

I've attached a spreadsheet with details on each member. Most fall into one of these categories:

- 1. **Properly Extended** - Members with documented board service or approved extensions (no action needed)
- 2. **Suspended/Flagged** - Members marked as suspended who still show as "Active" in some system fields (requires research)
- 3. **Recently Lapsed** - Members whose renewals expired in late November 2025 (normal lapse process)
- 4. **Anomalous Records** - Members who may have slipped through due to system issues or incomplete processing

Recommended Actions:

- For members marked "Needs Research" - please review their history and determine appropriate status
- For members marked "Move to Lapsed" - please update their status in Wild Apricot
- For members marked "OK - Extension Documented" - no action needed

Please review the attached spreadsheet and let me know if you have questions about any specific records. I'm happy to help with the technical aspects of updating records in Wild Apricot.

Best regards, Technology Chair

Technical Notes

What is the “Suspended” flag? This is a Wild Apricot field that, when set to True along with MembershipEnabled=False, prevents certain system functions from working properly. Members with this flag combination may appear “stuck” in the system.

What should happen to members who exceed 3 years? Per SBNC bylaws, members should transition out after 3 years unless granted an extension for board service. Members without documented extensions should be moved to Lapsed status and encouraged to stay connected through alumni programs.
